13. (Unclassified - RJK) LIAISON Accompanied Dick Brooks, OWI/NFAC, and Bob MacInnes, OSR/NFAC, to a briefing of Representative Ralph Regula (R., Ohio). The subject of the briefing was a purchase by the U.S.S.R. of a very large Japanese-produced dry dock. The Congressman was interested because a **considerable** amount of steel is produced in his district and he had received a constituent inquiry about the sale. He requested an unclassified summary of our discussion and we agreed to provide it. Mr. Brooks will prepare this.

15. (Confidential - DFM) LIAISON Received a call from Abram Shulsky, Senate Select Committee on Intelligence staff, who asked for another meeting with [REDACTED] both of DDO, regarding the Committee study on terrorism. Shulsky said he hoped to have the meeting this week.
